

MOBILE

ALUMINIUM TRIPOD ON WHEELS WITH INTEGRATED PULLEY

TM00AX

The ZERO® Mobile Tripod is ideal for transport between shafts as well as rescue.

When opened, the tripod remains rigid with an integrated pulley system that takes the winch cable over the tripod head. The steel head is equipped with multiple central anchor points in the form of eye bolts and three sided anchor points placed in the walls. Rope work is carried out on the head. The tripod legs are made from aluminium.
